VIPA International sponsors 12th edition of the International Vacuum Insulation Symposium in Nanjing, China

(BRUSSELS, 18 March 2015) VIPA International, the Vacuum Insulation Panel Association, is proud to announce the sponsorship of the 2015 edition of the International Vacuum Insulation Symposium (IVIS) taking place in Nanjing, China, from 19 to 20 September this year.

This year's IVIS will be hosted by the Super Insulation Composite Laboratory (SICL) of the Nanjing University of Aeronautics and Astronautics (NUAA). The event will take place at the main campus of NUAA, located in Nanjing, China.

VIPA International's President, Roland Caps, is very enthusiastic about this year's edition of IVIS: *"I am very pleased with the invitation to be one of the keynote speakers of IVIS 2015. As a recently created association, VIPA International will make the most out of this sponsorship and ensure the association gets the appropriate visibility during the event. IVIS is the only event dedicated to our industry. VIPA has plans for it and will unveil more details about it this September."*

IVIS was first held in 2005 as a follow-up of the VIA Symposia which ran from 1998 till 2003. VIPA International will be having a series of internal meetings including its General Assembly before the start of the event on Friday 18 September 2015 in Nanjing. The IEA EBC Annex 65 Long Term Performance of Super-Insulating Materials in Building Components and Systems will hold meetings on 21 and 22 September at the same location.

For more information about IVIS, please visit the event website: <http://ivis2015.nuaa.edu.cn/>.

About VIPA International

The Vacuum Insulation Panel Association (VIPA International) is a global trade association representing the interests of manufacturers of vacuum insulation panels as well as supply chain. The mission of the association is to act as the global voice of the vacuum insulation panel industry, promote quality and raise awareness of the potential to save space and energy costs and to reduce carbon dioxide emissions in a wide range of applications and industries.

VIPA International was created as a not-for-profit organisation incorporated under the law of the State of Delaware in the U.S.A. on 19 August 2014. The association is managed by its staff in its Global Office in Brussels, Belgium; and also maintains a presence in Washington DC, U.S.A..
