

VIPA International Work Plan 2016 – September Update

Strategic Areas	Milestones	Initiatives	Responsibility	Status – 16 September
Governance	Provide VIPA International with the appropriate structure for the association to grow in size and effectiveness	• Discuss options to review Bylaws • Come to a consensus on a new structure for the association and ensure buy-in from all members • Present new proposed Bylaws to the 2016 General Assembly • Prepare for succession of Roland Caps	Board Secretariat Legal counsel	• Bylaws Taskforce agreed on a set of recommendations which were approved at Board meeting of 14 April and will be submitted to the General Assembly for vote • Strategic Planning Session on 11 October 2016 in Barcelona to discuss mid to long-term objectives for VIPA
Finances	Ensure a sound and transparent financial management of the association	• Treasurer to control expenses • Secretariat to ensure fee invoices are paid in time • Quarterly financial update to be provided at Board meetings	Secretariat Treasurer	• 2016 fee invoices were sent early February • 4 regular members and 1 associate member have not yet paid the fees, despite the several reminders • Expenses are going according to plan. • We expect to finish the year with a surplus of around 20,000 EUR

Strategic Areas	Milestones	Initiatives	Responsibility	Status – 16 September
Representativeness	Make VIPA a truly global VIP association	• Increase the number of manufacturer members especially outside Europe • Attract companies that focus on different VIP applications • Find a balance between manufacturers, suppliers and other membership categories that might be created in the future (e.g. customers)	Roland Caps Secretariat	• Jiangsu Sanyou Dior Energy-saving New Materials resigned in September 2016 for budget reasons. • The Board voted the exclusion of Fujian Super Tech Advanced Materials for non-payment of 2016 fees • Vaku Isotherm will join in 2017 • Increased interest from Variotec and C-Safe but still no official decision to join the association • Some prospect members were invited to attend the meetings in Barcelona (Panasonic, Vaku Isotherm, Variotec, Isoleika)

Strategic Areas	Milestones	Initiatives	Responsibility	Status – 16 September
Communications	Ensure VIPA has the appropriate tools to communicate effectively about VIP and to promote the association	• Ensure the website is a suitable platform to be used by the members and to showcase VIPA activities • Release one case study quarterly • Release a quarterly Newsletter to members and non-members • Publish press releases • Seek speaking slots at key events • Publish an annual report of activities • Promote results of reports and studies commissioned by VIPA • Create section on website: “Science on VIPs” • Create list of events on the public website where members are present • Publicise papers/ppt given by members at conferences	Communications & PR Working Group Secretariat	• Recommendation to merge the PR & COM WG with the PA WG • 5 press release published • Sponsorship IEA Annex 65 SIM 3rd plenary meeting in Turin, on 25-26 February • 1 case study published in April • 2 Newsletter published: May & September • 1 article published in May’s edition of the Global Insulation Magazine • New sections on the website: Science on VIPs, IVIS and Events • Annual Report of Activities was completed in September • Speaking slot at QUALICHeCK conference (Performance of thermal insulation in low energy buildings and advanced building renovation projects) in Brussels, 15 December
Quality Label	Implement a quality label scheme for VIPs	• Come to an agreement with the GSH • Discuss implementation • Make promotion of the quality label	Hans-Frieder Eberhardt	• Meeting with GSH General Manager and Chair of the Board on 27 Jan in Essen • The label conditions and agreement were reviewed by law firm (WilmerHale) • The Board approved the co-operation agreement in April • The agreement will be signed on 12 October in Barcelona and will enter into force on 1 January 2017

Strategic Areas	Milestones	Initiatives	Responsibility	Status – 16 September
Technical Standards	Fasten the standardisation work	• Ensure the studies commissioned to FIW are concluded on time and result in added-value for the members • Identify areas where further research is needed • Commission other studies to fasten the standardisation process • Partner with the IEA EBC Annex 65 as seen necessary • Make the most out of VIPA's liaison status within the CEN TC88 / WG11 • Provide technical support to the VIPA Public Affairs WG to prepare the VIP case for advocacy activities • Identify university to partner with – student to write PHD thesis or master thesis	Technical Working Group Secretariat VIPA's representative at CEN (Vladimir and Pascal)	• Yoash Carmi nominated as Chair of the WG • FIW delivered an interim report of the compressive strength measurement study in May. The study will be ready end September • Hanita delivered interim report about study on water vapour permeation (1 year duration, EUR 25,000) in August • Contract signed with Hanita and FIW for joint study on calibration of the lift-off technique for measuring the internal pressure of fumed silica VIPs and determination of boundary conditions for the lift-off measurements and processing of measurement raw data. (8 months, 25,000 EUR) • Partnership with university still under discussion • CEN TC88 / WG11 will finish the draft standard this year

Strategic Areas	Milestones	Initiatives	Responsibility	Status – 16 September
IVIS 2017	Ensure IVIS 2017 is a bigger and better organised event with no financial risks for VIPA Introduce new sessions about applications	• Agree with the CSTB on the clear roles and responsibilities of both parties in the event • Launch event website and logo • Prepare promotional activities and collateral material • Suggest interesting speakers and sessions on market growth, policy and new VIP applications	IVIS 2017 Task Force Secretariat Communications & PR Working Group	• Meeting at the CSTB facilities near Paris early December 2015 to agree on event venue and organisation • Back and forth on sharing of responsibilities, costs and definition of co-host • 2 conference calls with CSTB to clarify the situation • IVIS Task Force recommends VIPA not to co-host the event anymore • The Board decided to follow the IVIS Task Force recommendation. VIPA will sponsor the event and help with promotion but it will be involved in the organisation

Strategic Areas	Milestones	Initiatives	Responsibility	Status – 16 September
Public Affairs	Monitor legislation in Europe, US and Asia	• Follow the review process of EED/EPBD • Prepare a case for VIP (talking points e.g. product description and applications, performance, LCA and sustainability matters, etc) to be used in advocacy activities • Organise meetings with key decision-makers (European Commission) to present VIPA and VIPs in view of the review of the EED and EPBD • Monitor EU initiatives and pieces of legislation (PEF on thermal insulation, Directive on labelling, etc) • Cooperate with CIEEMA and the Chinese members on standards and legislation in China • Understand the situation in Japan with the support of the Kindai University	Public Affairs Working Group Secretariat	• Gregor Erbenich nominated as Chair of the WG • Reply to the EED public consultation submitted • Advocacy case was finalised and distributed to the European Commission • Meeting with Laurent Deleersnyder, European Commission DG Energy, Unit C3 (energy efficiency) on 28 July in Brussels to present VIPs and discuss new energy efficiency package • Update on regulatory items in Europe was sent to Chinese association we met in Nanjing (CIEEMA) but no response from their side • Contacts with the Japan Construction Material and Housing Equipment Federation to understand the situation in Japan – no response received • Press release published on the energy labelling proposal • Meetings with Members of the European Parliament to be organised after the publication of energy efficiency package (October 2016)
